Daniel Krafzik

CV

About me

I am a German speaking Web Developer with experience in building web apps
with JavaScript & Angular. You can find my projects that include responsive
websites and business apps in my public portfolio. I started programming from home. Due to my passion for programming, I spent months learning through the free bootcamp offered by freeCodeCamp, gradually building my skills. I am still working on deepening my knowledge and continuously improving. I am looking forward to expand
my experience and starting my career in IT in a junior developer position.
Stack:
- JavaScript
- TypeScript, Angular
- HTML, CSS, Bootstrap, Material Design
